

Wannabiz

SaaS Channel Marketing Automation

Rapidly broadcast brand-specific online marketing campaigns for local affiliate use from a mobile app, creating real-time sales activity throughout your distributed channel.

Key Highlights

Get Insight and Visibility into Local Marketing Activity

real-time monitoring and reports

Reward with Gamification

recognize your top-performing affiliates

Identify Local Affiliates That Need Additional Marketing Support

zero-in on the areas your local affiliates need help the most

Instantly Push Online Marketing Campaigns and Promotions

local affiliates only use brand-compliant messaging and images

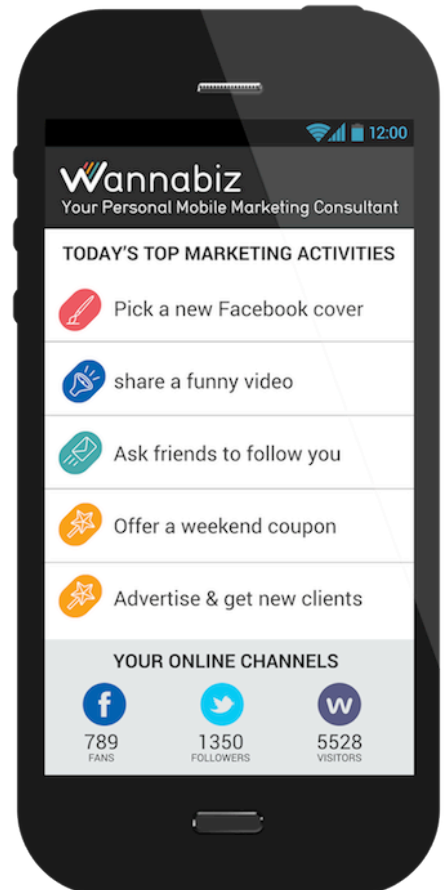

Show the value of corporate marketing support through the success of your local affiliates with effective online marketing messaging and promotions that increase sales.

With the Wannabiz SaaS solution, corporate marketers can:

- Manage Brand Use
- Broadcast Promotions
- Syndicate Content
- Reward Local Affiliates
- Analyze Engagement
- Report KPIs

For your local affiliates, it is as simple as picking up their smartphones. Improve local pull of your online marketing efforts by pushing corporate campaigns via the Wannabiz native mobile app.

- Location-based Marketing
- Brand-Approved for Social Use
- Pre-Created Online Campaigns
- Coach Notifications and Alerts
